Committed to Idaho

When The Idaho Community Foundation was established in 1988, our founders knew it could only be successful if it benefited all of Idaho and sought participation from people in every corner of the state.

Today, we are proud of our local network of Board Directors, Regional Council members, community organization partners and others who help us understand the issues facing Idaho and the community organizations making an impactful difference.

2025 Board Members

The Idaho Community Foundation is proud to have a Board of Directors composed of highly respected community leaders from across the state. Representing the diverse needs and interests of their communities and counties, our Board members bring invaluable insights and dedication to our mission.

These individuals exemplify the spirit of giving and leadership that drives The Idaho Community Foundation, guiding our efforts to support and strengthen communities throughout Idaho.
