## OUR MISSION

The mission of the Idaho Community Foundation is to *enrich life's quality throughout Idaho.*

We aim to achieve that mission by Gathering funds from donors—helping them achieve their charitable objectives; Growing the funds through a sound investment process; and Granting the funds for a broad variety of worthwhile projects statewide.

## 1999 HIGHLIGHTS

- Assets grew 34% to \$32.4 million.
- The number of funds in the foundation grew 17% to 211.
- Our membership grew by 12% to 373.
- Our investment return for the year 1999 was 16.4%.
- Total distribution from all funds for 1999 was \$2,077,889, a 15% increase over 1998.
- In recognition of their extraordinary support of ICF since its beginning in 1988, Margaret Gigray, Caldwell, and Nick Ifft, Pocatello, were named Friends of the Foundation.
- Dale Peterson, Caldwell, and David Slaughter, Sandpoint, were elected to the board of directors.
- To make sure we were ready for Y2K and our future growth, we converted to a new computer system. This is a simple statement, but the effort involved was a major part of the year's work.
- Due to the pending sale of the U.S. Bank "Plaza" building in downtown Boise, we made plans to establish our office in a permanent location at 210 West State Street in Boise. We sincerely appreciate the generosity of U.S. Bank in providing "free" housing since our inception.
- The \$2.3 million in assets from the M.H. King Foundation, a private foundation, were transferred to ICF and became an advised fund known as the King's Stores Fund.
- Geographic funds are created to benefit specific geographies, and local citizens play a major role in determining the distributions from these funds. Funds for Eagle in Southwestern Idaho and Post Falls in the North were fully funded in 1999 and provide a base for future growth benefiting these two communities specifically. We hope other such funds will follow.
- Northwest Area Foundation of St. Paul, Minnesota, created a special project fund, totaling in excess of \$3 million, in the Idaho Community Foundation. This fund will be used in conjunction with Northwest Area's anti-poverty initiative in the Northwest.

## About the Cover

"Autumn Scene, Sun Valley, Idaho" is a 26" by 16" oil painting by Idaho artist Archie Teater. Upon his death in 1978, Teater specified that proceeds from his until then unsold artwork be used to create a fund to assist handicapped children. The Idaho Community Foundation is charged with selling the Teater collection to accomplish the artist's wishes. For further information, contact J. Crist in Boise at 208-336-2671.

# LOOKING TO THE FUTURE

2000-2002

## OUR NEW HOME

The year 2000 began with a great deal of change for the Idaho Community Foundation. We moved to an historic home, which donors throughout the state are helping us purchase. Our new location provides us with room to grow, efficient working space, and easy access for our visitors. We hope to greet many of our members, donors, and friends in the days ahead.

## A STRATEGIC PLAN

During 1999, ICF's board and staff collaborated on the development of a new strategic plan, covering the years 2000-2002. The plan is quite detailed in terms of its objectives, measurements, and timetable. Its strategic goals are as follows:

1. Provide for effective succession for the board, regional advisory panels, and staff.
2. Heighten awareness of ICF statewide.
3. Increase ICF's asset base.
4. Ensure operational effectiveness.

The board views the attainment of these goals as essential to enhancing ICF's ability to become an ever more valuable source of grants for worthwhile projects throughout Idaho.

Success in execution of the plan will accelerate ICF's progress toward achieving our vision of being the most effective charity in Idaho as perceived by donors, grant-seekers, and financial advisors.

## TEAMWORK

As the century ended, we reflected, with some satisfaction, on the progress of ICF during its first eleven years. We don't spend a lot of time looking back, however, because the future looks so downright fascinating. The splendid teamwork of our board, regional advisory panels, members, and staff has gotten us to where we are today. That same teamwork will carry us on into the future.

We believe it's important for Idaho that the Idaho Community Foundation continue to grow, and to extend its capacity for serving donors and communities throughout our state. Private capital, invested wisely and granted with imagination, can play a key role – forever – in making Idaho an even better place to call home.

# ABOUT THE IDAHO

*Idaho's only statewide philanthropic organization supported by the public with private funds, assisting a broad range of charitable, cultural, and education projects statewide.*

**HISTORY** Established in 1988 with major assistance from Caldwell's Whittenberger Foundation and the Council on Foundations to broaden and deepen Idaho's pool of philanthropic capital.

**GOVERNANCE** Provided by a volunteer board of directors representing Idaho's diverse geography (see page 49 for a list of directors). Directors are elected by ICF's members, who also select the Foundation's independent public auditors, and serve as an information network for ICF (see page 45 for a list of members, and contact the Foundation office for information on becoming a member). The Foundation's bylaws provide that none of the state's three regions - Northern, Eastern, or Southwestern - can have less than 25% or more than 48% of the Foundation's membership or board, thus ensuring that no one region may dominate the Foundation's affairs.

**ASSETS AND ENDOWMENT** Total assets of the Foundation at year-end 1999 were \$32.4 million. Endowment was \$26.9 million. The difference between total assets and total endowment is comprised of special project funds and philanthropic gift funds which may be fully expended and therefore are very conservatively invested.

**A FUND IN THE FOUNDATION** This is an individual account, with its own legal document, created by the contribution of a donor or group of donors. At year-end 1999, ICF held 211 individual funds, of which 188 were permanent endowments. Each fund carries a name chosen by the donor or donors. That name and the guidelines established when the fund is created, become its distinguishing characteristics in perpetuity (see page 9 for a complete list of ICF funds).

- *Anyone can create a Foundation fund.* Individuals, companies, nonprofit organizations, and other foundations have created funds.

- *A person need not be wealthy to establish a "named fund" in the Foundation.* Such a fund can be established with a minimum contribution of \$5,000 in assets (or a pledge payable within a maximum of five years).
- *Anyone may add to any fund in the Foundation,* in any amount, at any time.

**FEES AND CHARGES** There is no fee to establish a fund in the Foundation, and a minimum of paperwork is required.

- Most endowment funds are assessed an annual management fee of 1% of the fund's average market value.
- Endowment funds created by nonprofit organizations are annually assessed one half of 1% of the fund's average market value.
- For philanthropic gift funds there is no charge related to monies which remain in the fund for at least six months. ICF, however, retains the earnings on the fund. Monies expended from a philanthropic gift fund in less than six months are charged 2%.
- For special project funds which provide for the expenditure of the contributions and earnings, ICF assesses 2% of each contribution. For those funds in existence for six months as of December 31 of any given year, an additional fee will be assessed based upon the average market value of the fund.

Additionally, each fund, on a quarterly basis, is assessed its pro-rata share of the fees paid to ICF's investment managers. These have averaged .3-.5% annually.

**GRANTS** ICF makes grants statewide to fund a broad range of activities, services, and projects of established 501(C) charitable organizations, or governmental units, or their subsidiaries. The Foundation considers requests for grants from its unrestricted, advised, and field-of-interest funds on a regional basis. Applications from the Northern Region are accepted November 1 - February 1; from the Eastern Region February 1 - May 1; and from the Southwest Region May 1 - August 1.

(The grant making process is described in detail in a separate brochure, available on request.)

# COMMUNITY FOUNDATION

## ADVANTAGES ICF PROVIDES TO DONORS

**TAX BENEFITS** Since ICF qualifies as a public charity under federal regulations, gifts during a donor's lifetime or bequests to the Idaho Community Foundation are accorded the maximum tax advantages allowed by law. Major gifts to a community foundation such as ICF may qualify for special tax considerations and, in some cases, may be a superior alternative to creating a private foundation. Potential donors should talk to an estate planning professional about their specific circumstances.

**FLEXIBILITY** ICF works with donors and/or their advisors to create a fund with terms and conditions designed to meet the specific requirements of each individual situation.

**ECONOMY** There is no charge to create a fund in the Foundation, and administrative and investment management fees are reasonable.

**CONVENIENCE AND EFFICIENCY** A minimum of paperwork is required to establish a fund in the Foundation, and ICF takes responsibility for all reports to the Internal Revenue Service and other governmental entities. One contribution to the Foundation can address a wide range of needs or interests, and can benefit any or a number of charitable organizations.

**EFFECTIVENESS** The Foundation ensures good use of donor gifts through the professional grant research of the staff, the prudent and informed judgement of the regional advisory panels which review and make recommendations on grant requests, and the oversight of the board of directors.

**GIVING OPTIONS** Almost any asset of value may be considered for a contribution. The Foundation can accept cash, securities, real estate, closely held stock, or other personal property. Funds may be established with pledges payable within five years. Contributions can be made during the donor's lifetime and/or through deferred gifts and bequests.

**PERPETUITY** The agreement drawn to create an endowment fund in ICF ensures that the Foundation will honor the donor's charitable intent in perpetuity.

**RECOGNITION** Each grant from a fund is identified to the recipient by the name of the donor and/or the name of the fund designated by the donor. Donors can, of course, request anonymity with the assurance that their wishes will be respected.

**INVESTMENT EXPERTISE** Donors are assured of professional management of the Foundation's assets by experienced investment professionals with oversight by the Investment Committee of ICF's board of directors.

**ACCOUNTABILITY** For investment purposes, endowment funds are pooled in order to receive better returns at lower costs. For accounting and reporting purposes, however, each fund is maintained as an individual, named entity, with separate tracking of earnings, pro-rata fees, and grant disbursements. The Foundation's financial records are subject to ongoing oversight by the board of directors and an annual independent audit.

**GRANTS OUTSIDE IDAHO** Fund creators may structure their funds so that some of the distributions go to charitable projects outside Idaho.

## FRIENDS OF THE FOUNDATION

The Idaho Community Foundation's Friend of the Foundation Award recognizes outstanding volunteer assistance to the Foundation. Our honorees in 1999 were Margaret Gigray, Caldwell, and Nick Ifft, Pocatello.

### MARGARET GIGRAY

Along with other board members of The Whittenberger Foundation, a private foundation based in Caldwell, Margaret became convinced that a community foundation was needed in Idaho as a means of broadening and deepening the state's pool of philanthropic capital. She was attracted to the community foundation concept of taking individual endowments, tracking them separately in order to carry out the donor's wishes, but pooling the funds for more efficient and effective investment purposes.

Margaret Gigray  
Caldwell

Margaret served as a member of the steering committee that established the Foundation. She was a founding director, serving on the board from 1988 to 1999, was a member of the Southwestern Region Advisory Panel, and served on the Nominating Committee of the board.

Margaret was tireless in her advocacy for ICF and its work.

Cancer claimed her in July of this past year, but Margaret's legacy to all of us is her deep and abiding faith in the power of philanthropy to accomplish positive change in Idaho.

### NICK IFFT

Like Margaret Gigray, Nick was a founding director of ICF, serving on the board from 1988 to 1996. He too was willing to do double duty, serving as one of the two ICF directors required to participate on each regional advisory panel reviewing grant requests from their region. During his tenure as director, Nick served on the Executive, Gift Acceptance, and Grants Committees of the board.

Nick Ifft  
Pocatello

With his wife, Sara, Nick was an early and generous donor to the Idaho Community Foundation. When Albertson's Corporation made challenge grants in each of ICF's three regions—requiring a dollar-for-dollar match before distributions from a fund could begin—Nick stepped forward. By establishing the Ifft Eastern Region Fund, he played a major role in making Eastern Idaho the first ICF region to benefit from the Albertson's gift. Nick and Sara continued to provide generous operating support to ICF, and in 1998 established their second endowment in the Foundation, the Nick and Sara Ifft Operating Fund.

Nick has always been a passionate supporter of Eastern Idaho, and having him on the ICF team in our early years helped to establish our credibility in that part of the state.

The Foundation is deeply grateful to both Margaret and Nick for their participation, guidance, and encouragement.

## FOUNDING DONORS

---

The Idaho Community Foundation owes its existence to the foresighted individuals, corporations, and organizations which joined together to create and endow the Foundation. Our Founding Donor campaign concluded December 31, 1992, having raised a total of \$5 million. We are pleased to give continuous recognition to the vision and generosity of those who supported the Foundation in its first stages of growth. Many of these donors have made additional contributions to the Foundation in subsequent years.

# GATHERING FUNDS

## HELPING THEM ACHIEVE THEIR

*In order to give money for charitable projects throughout Idaho, the Foundation must first gather funds from donors interested in making Idaho a better place in which to live.*

The Idaho Community Foundation offers a broad range of choices for donors, be they individuals, private foundations, corporations, or other charitable organizations. However modest or bold the philanthropic objective, ICF is available to help.

## TYPES OF FUNDS

**AN UNRESTRICTED FUND:** The donor's gift provides the Foundation with maximum flexibility in meeting needs throughout Idaho. Distributions from an unrestricted fund are made at the discretion of ICF's regional advisory panels and board of directors, ensuring that the gift will always address current issues. Contributors of \$5,000 or more have the privilege of naming their fund.

**AN ADVISED FUND:** Donors of \$25,000 or more may retain the privilege of participating in the selection of beneficiaries of their fund. While IRS regulations require that each final decision must rest with the Foundation's board of directors, the advice given by donors is fully considered in making grants from these funds.

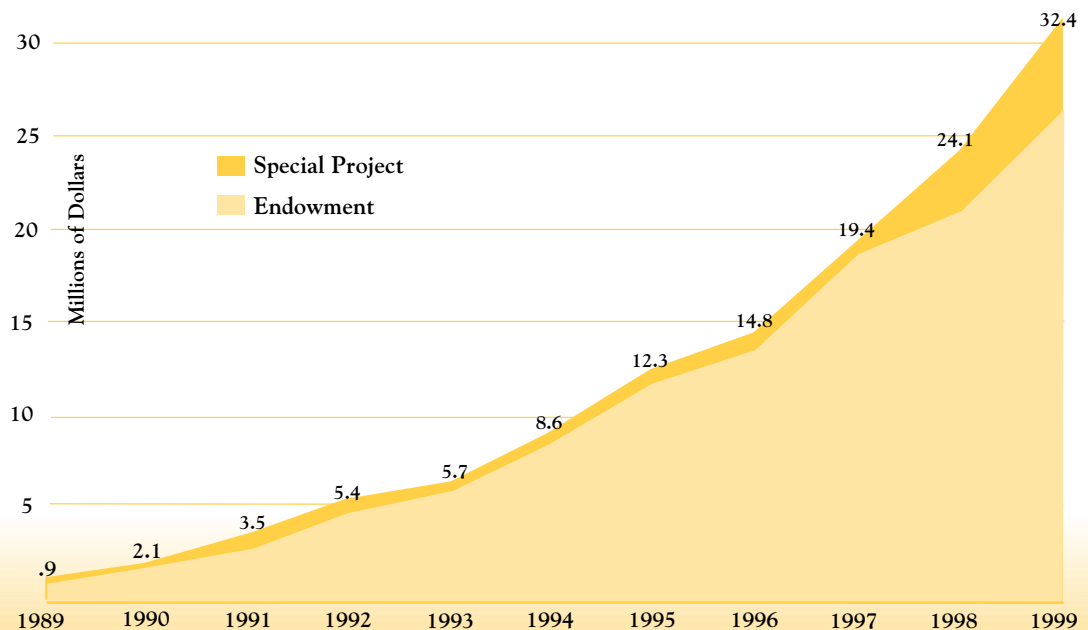

**A FIELD-OF-INTEREST FUND:** This option allows donors of \$25,000 or more to limit grants from their funds to organizations or projects within a particular charitable field, geographic area, or combination thereof. The Foundation determines the annual beneficiaries of these funds within the bounds of the donor's wishes.

**A GEOGRAPHIC FUND:** These are created to benefit a particular city, county, or otherwise defined geographic area by an individual or group of individuals who join together to contribute a minimum of \$25,000. Distributions from the fund are made only within the defined geographic area, and are based on recommendations of a local advisory committee.

**A DESIGNATED FUND:** Donors of \$25,000 or more may ensure long-term annual support to the charitable organization chosen at the time of the fund's creation. Should the designated organization cease to exist or become dysfunctional, the Foundation has the contractual ability to redirect the income in accord with the donor's original intent.

**A SCHOLARSHIP FUND:** Donors of \$10,000 or more may customize a scholarship fund to provide educational opportunities for graduates of certain schools, for studies in specific fields, or for programs at particular institutions of higher education.

Growth: Total Assets at Year-End 1999

**AN AGENCY FUND:** A charitable organization can protect its capital for the future and obtain the economies and rewards of participating in a larger investment pool by placing its endowment with the Foundation. Earnings from the fund are regularly disbursed to the participating agency for use as its board of directors deems appropriate. Contributors may add to the fund with any amount, at any time.

**AN OPERATING ENDOWMENT FUND:** Earnings generated by these permanent funds help to offset the operating costs of the Foundation and reduce the administrative fees that might otherwise have to be assessed to other funds of the Foundation. Contributors of \$5,000 or more have the privilege of naming their funds.

**AN ACORN SOCIETY ACCOUNT:** Donors can make donations to an account on a regular basis until attaining the minimum required to create the fund of their choice. The minimum amount required to create a named fund is \$5,000, which may be paid over as long as a five year period. The concept allows participation in the Foundation by those with a desire to do something of lasting significance for the Idaho community, but who would prefer to make the contribution over time.

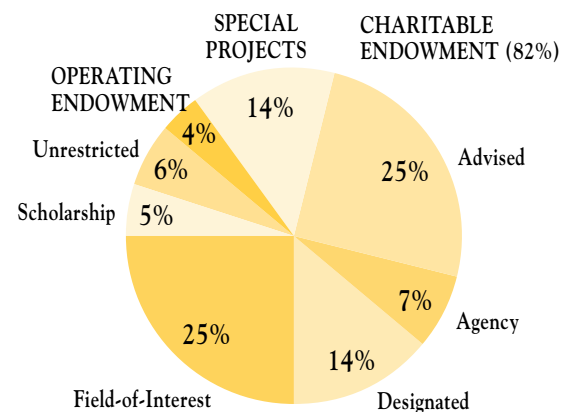

**A DEFERRED GIFT—THE LEGACY SOCIETY:** Donors may choose to name the Foundation as the beneficiary of a charitable trust, will, bequest, or other deferred giving instrument. Those willing to be recognized are named and thanked in the annual report as members of the Legacy Society. In many instances, the deferred gift donor receives benefits such as income or other use of property during his or her lifetime. Upon the donor's death, the remaining principal is transferred to the Foundation, and the earnings become available for charitable use as specified by the donor. Funds created through deferred gifts offer permanent recognition for the donor's philanthropic service to the community.

**A PHILANTHROPIC GIFT FUND:** With a contribution of \$5,000 or more, a donor may establish a nonendowed, fully expendable fund from which the donor or donor-specified advisors may recommend distributions of \$250 or more to any IRS recognized charity at any time. The donor is not required to maintain a minimum balance in the fund. Advantages of such a fund include the ability to make tax-deductible donations of appreciated assets at a time of the donor's choice, thus bypassing capital gains tax liability, while the donor advises on the amount and timing of subsequent gifts from the fund.

**A SPECIAL PROJECT FUND:** The Foundation occasionally serves its statewide community by receiving and managing nonendowed funds to support a special project. Such nonendowed gifts differ from endowment in that contributions, as well as the net income earned while the assets are held, will be expended in the near future.

**A SUPPORTING ORGANIZATION:** These may be created by donors who choose to affiliate with the Idaho Community Foundation by creating a new entity or transferring an existing fund or private foundation. Supporting organizations maintain their own identities while taking advantage of significant tax savings through their affiliation with ICF. Donors may participate actively in grantmaking and administration of the supporting organization, while receiving the professional support services of the community foundation. ICF may appoint a majority of the directors on the supporting organization's board.

## **ADVISED FUNDS**

The Idaho Community Foundation contains the following advised funds with endowments of \$1,000,000-\$2,500,000:

### **King's Stores Fund—1999**

Created by the transfer of assets of the M.H. King Foundation, the trustees of this private foundation will continue to advise ICF on the annual distributions from the Fund. Grants are made to support charitable activities in areas served by King's Stores.

# FUNDS OF THE IDAHO

## **Bernie and Warren McCain Fund—1996**

Created by this long-time Idaho couple to provide a permanent contribution to the quality of life in Idaho, the donors and their daughters recommend grant recipients.

Lex and Celia Kunau of Burley have established an advised fund which benefits projects in Cassia County.

The Idaho Community Foundation contains the following advised funds with endowments of \$500,000-\$999,999:

## **Archie B. Teater Fund for the Handicapped—1994**

This fund was established with the transfer of assets, primarily in the form of artwork, from an existing nonprofit organization created at the request of the late artist. The Idaho Community Foundation is marketing the Teater paintings in order to provide cash to the fund. Donations from the fund will benefit the needs of handicapped youth in Idaho.

The Idaho Community Foundation contains the following advised funds with endowments of \$250,000-\$499,999:

## **Ralph and Mary Lynn Hartwell Family Fund—1997**

This fund was established by the Idaho Falls couple with a gift of closely held stock. Mr. and Mrs.

Hartwell and their children retain the privilege of recommending grant recipients from the fund during their lifetimes.

## **Albert H. and Juanita F. Huber Fund—1995**

Established by this Jackpot, Nevada, couple to ensure that their life-long commitment to charitable activities will continue far into the future. Upon the death of the donors, distributions from this fund will be designated to benefit a wide variety of organizations in Idaho and Nevada.

The Idaho Community Foundation contains the following advised funds with endowments of \$100,000-\$249,999:

## **Harry Bettis Fund—1991**

The fund's purpose is to support charitable activities throughout Idaho that meet current and emerging needs. Upon the death of the advisors, this fund will be placed in the unrestricted endowment of the Foundation.

## **Daugherty Foundation Fund for Children—1999**

## **THE OPERATING ENDOWMENT**

The Idaho Community Foundation is fortunate that in its early years its board of directors had the vision to develop an operating endowment, contributed mainly by the business community. The operating endowment has always been critically important in helping to fund ICF's administrative expenses - its costs of doing business.

The operating endowment now exceeds one million dollars in value and in 1999 funded approximately 22% of the foundation's cash expenses. The income provided by the fund helps ICF maintain its modest fee structure for managing endowment funds, thus helping us to continue our cost-effective service to donors.

The operating endowment contains the following funds with assets of \$250,000-499,999:

### **Northwest Area Foundation Operating Fund—1989**

The operating endowment contains the following funds with assets of \$100,000-\$249,999:

### **J.A. and Kathryn Albertson Operating Fund—1990**

### **Boise Cascade Corporation Operating Fund—1989**

The operating endowment contains the following funds with assets of less than \$100,000:

### **Bank of Eastern Idaho Operating Endowment Fund—1998**

### **Basic American, Inc., Operating Fund—1991**

### **Coeur d'Alene Mines Operating Fund—1995**

#### **Steele-Reese Foundation Special Project Fund—1997**

Created by this private foundation,

grants from the fund are determined by ICF and earmarked to organizations in rural Idaho in the areas of education, social welfare, health, and the humanities.

#### **Unitarian Fellowship of Idaho Falls Fund—1994**

Created by Miles and Virginia Willard, the fund is being used for expenses associated with filling an administrative position at the church with remaining funds to be issued annually for operating support over a five-year period.

#### **United Cerebral Palsy of Idaho, Inc. Scholarship Fund—1996**

Created through gifts from Micron Technology, Ore-Ida Foods, and T.J. International. The fund provides nine scholarships to students enrolled in an Idaho college or university and who were chosen from among entrants to the Les Bois Run, Walk, & Roll event to benefit United Cerebral Palsy of Idaho, Inc.

#### **Idaho Community Foundation Operating Fund—1988**

Contributions are made by individuals, corporations and foundations who recognize that operating support is a vital need for the Idaho Community Foundation. Contributions enable the Foundation to focus on its mission of supporting and enhancing philanthropic and charitable activities in Idaho, while minimizing costs that otherwise would be assessed to the charitable funds of the Foundation.

## SUPPORTING ORGANIZATION

**The Kissler Family Foundation** was established in 1998 by James A. Kissler, Boise, and is affiliated with the Idaho Community Foundation.

## LEGACY SOCIETY

Members of the Legacy Society are individuals who have identified themselves as having designated the Idaho Community Foundation as an ultimate beneficiary of deferred gifts in such documents as wills, bequests, and other planned giving instruments. The Foundation welcomes additions to this current list of members.

Allen and Connie Pennay, Ketchum, have named ICF as a beneficiary in their long-range financial planning, and have become members of ICF's Legacy Society.

This clinic in Fairfield, built by the Camas Medical Services Board, has been assisted twice by ICF—once in 1993 with an initial planning grant and again in 1999 with a grant from the Kissler Family Foundation, a supporting organization of the Idaho Community Foundation. The Kissler family established Norco, and has a special interest in supporting health care-related projects.

# GROWING ICF'S FUNDS

## THROUGH A SOUND INVESTMENT PROCESS

*Efficient and effective asset management is a critically important responsibility of the Idaho Community Foundation.*

The board's Investment Committee (see page 49 for membership) provides oversight for the investment process. The Committee has developed a policy on investment and distribution of the Foundation's assets, and a descriptive brochure is available upon request.

The Investment Committee recommends to the board the asset mix for investment of the Foundation's endowment. At year end 1999 the mix was 73% equities and 27% fixed income securities. The Committee also recommends to the board the investment managers which they believe can provide ICF with attractive relative returns and the appropriate degree of diversification and management style differentiation within this asset mix.

Managers currently retained by the Foundation include Dimensional Fund Advisors, TCW Group, and Vanguard for equities and First Security Bank, Key Trust, and U.S. Bank for fixed income.

Funds in the Foundation which are not endowed and are fully expendable are invested conservatively in liquid instruments. Such funds include special project funds and philanthropic gift funds (see page 24 for further information).

Each fund in the Foundation is charged its pro rata share of the fees paid to the investment managers. In 1999 these fees ranged from .18% to .75%, depending upon the manager.

The Investment Committee meets at least annually with individual representatives of the investment managers to

discuss past performance and plans for the coming year. Strategic Investment Solutions provides performance measurement services as well as investment advisory consultation.

### THE TOTAL RETURN CONCEPT

The Foundation has adopted the Total Return Concept (TRC) for the long-term management of its endowment assets.

Under the TRC, asset values, in other words, the income and appreciation of the assets' total market value, averaged over time, are taken into consideration in determining available grant dollars for each year's distribution.

The TRC allows the Foundation to be consistently responsive to current needs while positioning its funds to maintain the endowment's purchasing power and grantmaking capacity over the long term.

In accordance with the Total Return Concept, the Foundation board establishes a funding level each year which bases distributions on the average market value of an individual fund for the prior two to thirteen quarters, depending upon when the fund was established. This spending level is based on long-term earning trends, and not on results for any one year, and thus avoids severe fluctuations in dollars available for grantmaking.

By smoothing the market volatility and adjusting the spending rate annually, the Foundation maintains relative stability in the amount of funds available for charitable distribution and provides for increasing contributions over time, and protection from inflation.

### INVESTMENT PERFORMANCE FOR ICF'S ENDOWMENT

1 year: 16.4%  
3 year: 15.8%  
5 year: 15.4 %

The Ethel and Ronald Rawlinson Fund has grown significantly since it was established in 1992, while simultaneously benefiting projects in Gem County.

### HOW THE RAWLINSON FUND HAS GRANTED AND GROWN SIMULTANEOUSLY:

Dr. Ronald Rawlinson and his wife Ethel, better known as Stevie, were pillars of Gem County for 56 years. Doc Rawlinson died in 1988, and was followed by his wife in 1992. Having provided for their daughter, Lyn, Stevie was concerned about providing, in perpetuity, for worthwhile projects in Gem County. Accordingly, she

established a field-of-interest fund solely to benefit projects in Gem County. The table below shows what that fund has accomplished and how it has grown through ICF's investment process.

### THE ETHEL R. AND RONALD RAWLINSON FUND

Initial Contribution to ICF in 1992	\$546,000
Grants in Gem County from 1994—1999	\$208,245
The Fund balance at 12/31/99	\$950,859

# GRANTING FUNDS FOR

## THE REASON FOR

*The purpose of ICF's grantmaking is to enrich life's quality throughout Idaho.* The Foundation does not define what that means. Rather, we invite communities statewide to tell us what is needed to make life better for the people in their town. They tell us through the applications they submit. Because the needs are so varied, the range of projects funded by the Idaho Community Foundation is exceptionally broad, as indicated by the list of grants made in 1999.

Since ICF's grantmaking began in 1991, the Foundation has distributed \$8.6 million for worthwhile philanthropic projects.

Education grants ICF makes in partnership with the J.A. and Kathryn Albertson Foundation may be as large as \$25,000, but ICF's other competitive grants have not exceeded \$5,000. This is because the Foundation is trying to plant the seeds of betterment in many communities. As a result, ICF is constantly seeking opportunities where a relatively small grant can make a significant difference.

The grantmaking process of the Idaho Community Foundation gives ongoing consideration to the desires of donors who have established funds in the Foundation. As a result, some of ICF's distributions are made outside Idaho. The different types of funds available to donors are described beginning on page 7. A separate brochure, available on request, provides details of the grantmaking process.

Decisions on competitive grants are made by the Idaho Community Foundation board and are based on recommendations of the regional advisory panels from Northern, Eastern, and Southwestern Idaho. The community leaders who serve as volunteers on the panels have the demanding task of carefully analyzing the grant applications from their respective regions. Panel members take great care to maintain fairness and objectivity in the review process. Membership on the regional advisory panels is shown beginning on page 49 of this report.

## FUTURE OPPORTUNITIES

Until now, ICF's grantmaking program has been essentially reactive. Organizations submit requests, the Foundation evaluates those requests through our grass roots review process, and then responds. In the future, as our asset base grows, we will seek more opportunities to take the initiative with projects similar to the statewide projects we have done in the past few years. We made grants to rural libraries in 1996, to rural playground improvement projects in 1997, and in 1998, 1999, and again in 2000 we have offered grants of as much as \$2,500 to groups of youth, ages 8 to 18. The youth must identify a problem to address in their town, come up with a solution, raise a match in cash, labor or materials if their application is successful, then implement the project. Our concept is to develop young leaders by providing opportunities to lead. We look forward to doing more such projects in the future. Additionally, we will be seeking more opportunities to partner with national foundations on projects which could benefit Idaho.

Starting on page 30 is a list of distributions made by the Idaho Community Foundation in 1999. Grants made from unrestricted, advised, field-of-interest, geographic, designated, and special project funds are listed first and are grouped by county. These are followed by grants from scholarship, agency, and philanthropic gift funds, and from an ICF supporting organization.

(d) Indicates grants made with some degree of donor involvement from an advised, designated, or special project fund.

(y) Indicates grants made from the statewide Youth Involvement Grant Program.

## WORKING TOGETHER

The Idaho Community Foundation is privileged to work with several private foundations and other organizations as we pursue our mission of enriching life's quality throughout Idaho.

Since 1996 we have worked with the J. A. and Kathryn Albertson Foundation in making grants for creative education projects in grades K-12. The generous contribution of the J.A. and Kathryn Albertson Foundation in 1999 enabled ICF to distribute \$735,000 for grants of this type as well as grants for early childhood education and after school programs which had a strong educational component.

ICF also distributed \$65,000 on behalf of the Steele-Reese Foundation to provide grants in rural Idaho for projects in the fields of education, welfare, health, and the humanities.

In March of 2000, the Northwest Area Foundation established a special project fund in the Idaho Community Foundation valued at in excess of \$3 million. This fund will be fully expended over time upon advice of Northwest Area Foundation as part of its project to combat poverty in eight northwestern states. Since these funds were pledged in 1999, they were recorded at year-end 1999 as assets of ICF. Simultaneously with the establishment of this fund, Northwest Area Foundation granted \$100,000 to ICF to enhance our own capacity to fight poverty.

In 1999 we also appreciated the opportunity to work with St. Luke's Regional Medical Center of Boise, U.S. Bank, and Key Bank of Idaho in the funding of youth leadership projects in Idaho communities.

# MEMBERSHIP OF THE IDAHO

*Members are the bedrock of the Idaho Community Foundation.* In accord with ICF's bylaws, no one of ICF's three regions has more than 48% or less than 25% of the membership. Responsibilities include electing the Foundation's board, appointing its independent public auditors, and providing general advice and assistance. ICF offers a graduated membership fee structure to accommodate those members who wish to support Foundation operating expenses at more than the \$25 minimum cost of membership. Membership contributions are tax-deductible.

At year-end 1999, the Idaho Community Foundation had 373 members. Year-end membership was as follows:

(1) Other assets include works of art which were contributed to the Foundation during 1994. In accordance with the endowment agreement, these works of art will be liquidated within a reasonable period of time, and the net proceeds from the sales will be added to the endowment fund. During 1996, the Foundation recorded an unrealized loss of \$1,445,448 to adjust the artwork to current net realizable value. This adjustment represents a reduction of \$1,016,471 in the value of the artwork and an increase of the allowance for estimated commissions and other selling expenses of \$428,977. The December 31, 1999 and 1998 other asset balances of \$902,957 and \$938,033, respectively, are net of allowance for estimated commissions and other selling expenses of \$1,174,328 and \$1,295,080, respectively.

(2) Represents outstanding pledges.

(3) Includes \$51,276 for investment management fees.
