## Highlights

- Total assets grew by 18% to \$68.7 million. Grants and distributions totaled over \$3.3 million.
- Investment performance for the year 2006 was 14.3%.
- 38 new funds were created.
- ICF's Annual Luncheon hosted Greg Carr, an Idaho-grown international philanthropist.
- ICF received a \$25,000 grant from the Albertson Boise Open golf tournament to re-grant to Boise area nonprofits that provide dental care to uninsured or under-insured children.
- The Board of Directors created its first new standing committee, the Marketing Committee, since the creation of the Foundation.
- ICF partnered with the Idaho Nonprofit Development Center to create opportunities for Idaho nonprofits to participate in the Standards for Excellence program designed to strengthen the leadership and business practices of nonprofits.

## Our History

The Idaho Community Foundation was established in November of 1988 to enhance the pool of philanthropic capital available to Idaho charities. As Idaho's only statewide community foundation, and with early assistance from the Whittenberger Foundation, the Charles Stewart Mott Foundation, the Northwest Area Foundation, and the Council on Foundations, ICF has assumed a leadership role in working with donors to build the state's resources. In 2006, every one of Idaho's 44 counties benefited from ICF grants and distributions. Through the Idaho Community Foundation, generous people around Idaho work daily to *enrich the quality of life throughout Idaho*.

## Our Mission

The mission of the Idaho Community Foundation is to *enrich the quality of life throughout Idaho*. We achieve that mission by gathering funds from donors while helping them achieve their charitable objectives; growing the funds over time through a sound investment process; and granting the funds for a broad variety of worthwhile projects statewide.

## Dear Friends,

Idaho is a wonderful state in which to live and raise a family, and it is a true honor to serve the state through the philanthropy of the Idaho Community Foundation. During the last year ICF experienced record growth in its assets and in the number of funds encompassed within the Foundation. At year-end, assets totaled \$68.7 million. Of that amount, over \$59 million was in permanent endowment. By comparison, at year-end 2005, total assets were \$58.2 million with just over \$49 million in permanent endowment. New donations for 2006 totaled slightly over \$7 million. The remaining growth was achieved through ICF's investments for both endowed and non-endowed funds. Investment returns for the endowed funds were 14.3 %. The total number of funds increased by 37 to 372. We continue to receive various types of gifts including several donations directly from individual retirement accounts.

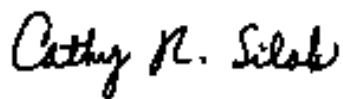

ICF's mission is to *enrich the quality of life throughout Idaho*, and we accomplish this mission by sound practices of grant-making. ICF continued its practice of distributing 5% from the endowed funds, so our 2006 grants and distributions awarded totaled \$3.3 million, and we are proud to continue our tradition of making grants in all of Idaho's 44 counties. The volunteer regional grants panelists continue to inspire Board members and staff with the level of their community knowledge, the depth of their research into the applications, and the wisdom they bring to the grants panels. For 2006 the Board of Directors awarded \$570,000 in competitive grants. The competitive grants process remains a strong hallmark of the Idaho Community Foundation. Again this year we were honored to have the continued support of the J.A. and Kathryn Albertson Foundation for the educational grants aspect of our competitive grant program.

In early 2006 the Board of Directors adopted an updated strategic plan which focuses on four objectives: enhancing Foundation leadership; heightening the awareness of ICF throughout the state; increasing the asset base; and improving the grant distribution process. The plan provides guideposts and a framework for focus as the Foundation continues to experience growth and new challenges and opportunities.

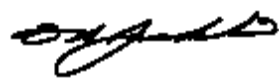

Last year Roger Martell completed his Board service and he was honored at our Annual Luncheon as the Friend of the Foundation. We welcomed a new Board member, Joe Marshall of Boise, the retired CEO of Idaho Power.

In sum, 2006 was a record-setting year and we look forward to serving our donors and grant recipients in 2007. Thank you to all our friends!

Sincerely,

Cathy R. Silak

## Friend of the Foundation

### Roger Martell

Roger Martell, a founding member of ICF, was honored as the 2006 Friend of the Foundation. The award is given in recognition of outstanding service to or support of ICF. Martell retired from service on the Idaho Community Foundation Board of Directors in 2006.

A native Idahoan and Eagle resident, Martell practiced public accounting from 1979 to 1994. He was the office-managing partner and senior tax partner of the Boise office of Deloitte and Touche, LLP, and is an advisor with Washington Trust Bank. Martell sat on the steering committee that established the Foundation in the late 1980s. He became ICF's first treasurer and served as such from 1988 to 1997. He also was chairman for three years. His board tenure started in 1996. He serves as co-advisor to the Gladys E. Langroise Advised Fund in the Idaho Community Foundation—ICF's largest advised fund.

# About the Foundation

## DEFINITION

A community foundation is a tax-exempt public charity that enables individuals and organizations to achieve their charitable intent by establishing charitable funds within the Foundation. Each fund is governed by its own legal document and is accounted for separately. Endowed funds are pooled for more efficient and cost effective investment management.

The Idaho Community Foundation is Idaho's only statewide philanthropic organization supported by the public with private funds. ICF assists with a broad range of charitable, cultural, and educational projects within Idaho and occasionally beyond the state's borders.

## GOVERNANCE

The Foundation is governed by a volunteer Board of Directors representing Idaho's diverse geography (see page 2 for a list of Directors). Directors are elected by ICF's members who also serve as a communications network (see page 48 for a list of members and information on how to join). The Foundation's Bylaws provide that none of the state's three regions—Northern, Eastern, or Southwestern— can have less than 25% or more than 48% of the Foundation's representation, thus ensuring that no one region can dominate Foundation governance.

## ASSETS AND ENDOWMENT

Total assets of the Foundation at year-end 2006 were \$68.7 million. Endowment was \$59.7 million. The difference between total assets and total endowment is comprised mainly of special project funds and philanthropic gift funds that may be fully expended and therefore are not invested in the endowment.

## A FUND IN THE FOUNDATION

This is an individual account created by the contribution of a donor or group of donors. Each fund carries a name chosen by the donor(s). That name and the guidelines established when the fund is created become its distinguishing characteristics.

Anyone can create a Foundation fund. Individuals, companies, nonprofit organizations, and other foundations have created funds, and anyone may add to any fund in any amount at any time.

A person need not be wealthy to establish a "named fund" in the Foundation. Such a fund can be established with a minimum contribution of \$5,000 in assets (or a pledge payable within a maximum of five years).

## Choices for Donors

### ENDOWED FUNDS

#### *Greatest Need Fund*

The donor's gift can address ever-changing needs throughout Idaho (or any of ICF's three regions), including future needs. The flexibility of the donor's unrestricted gift enables ICF's volunteer Regional Advisory Panels and Board of Directors to respond to Idaho's most pressing needs today and long into the future.

**Minimum Amount:** \$5,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

#### *Advised Fund*

Donors can have ongoing involvement in the distribution of their gift by retaining the privilege of participating in the selection of beneficiaries of their fund. Donors can continue to address the issues and needs they care about most. While IRS regulations require that each final decision must rest with the Foundation's Board of Directors, the advice given by donors is fully considered in making grants from these funds. Recommendations are submitted to ICF's Board for approval, then grants are distributed in the name of the fund.

**Minimum Amount:** \$25,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

#### *Field-of-Interest Fund*

Donors can target their gift to address specific community needs or issues such as arts, education, aging, or at-risk youth. The donor identifies one or more personal interest areas when making the gift; ICF's volunteer Regional Advisory Panels make recommendations to the Board which then awards grants to community organizations and programs that are making a difference in the area(s) selected.

**Minimum Amount:** \$25,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

## Geographic Fund

These are Field-of-Interest funds that are targeted to address needs in a particular geographic area. Be it a city, a county, or one of ICF's regions, the donor (or a group of donors) identifies the geographic area when making the gift. Depending on the donor's wishes, donors or a designated committee may advise on the fund distribution or the donor may designate ICF's volunteer Regional Advisory Panels to advise on distributions which are forwarded to the Board for final approval.

**Minimum Amount:** \$25,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

## Designated Fund

Donors can direct their gift to a specific nonprofit organization (or group of organizations) such as a senior center, museum, or virtually any nonprofit charitable organization. Should the designated organization cease to exist or become dysfunctional, the Foundation has the contractual ability to redirect the distributions in accord with the donor's original intent.

**Minimum Amount:** \$25,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

## Scholarship Fund

Donors can invest their gift in Idaho's future by helping educate our youth. Donors determine the criteria students must meet in order to receive the scholarship and may customize the fund to provide opportunities for graduates of certain schools, specific fields of study, or for programs at selected institutions of higher education. With assistance from an ICF scholarship, students achieve their academic and career-oriented goals.

**Minimum Amount:** \$25,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. Scholarship funds are subject to a minimum annual fee of \$250. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

## Agency Fund

Nonprofit organizations can establish an agency fund in ICF to build their endowment and ensure long-term annual support for their future. By utilizing ICF to obtain the economies and potential rewards of participating in a larger investment pool, nonprofits enhance their ability to accept large and complex gifts and can focus more attention on their constituencies. Distributions are made annually to the participating agency for use as its Board of Directors deems appropriate.

**Minimum Amount:** \$10,000 (can be a pledge payable over five years).

**Management Fees:** .5% annually (assessed quarterly at a rate of .125%) on the Fund's average balance. Agency funds are subject to a minimum annual fee of \$250. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

## ICF Operating Endowment Fund

Distributions generated by these permanent funds help offset operating costs of the Idaho Community Foundation and reduce the administrative fees that might

otherwise have to be assessed to other funds of the Foundation.

**Minimum Amount:** \$5,000 (can be a pledge payable over five years).

**Management Fees:** 1% annually (assessed quarterly at a rate of .25%) on the Fund's average balance. The Fund also bears its prorata share of the trustee fees paid to the Foundation's investment managers (approximately .28% at year end 2006).

## NON-ENDOWED FUNDS

### Philanthropic Gift Fund

Donors can create a non-endowed, fully expendable fund from which they (or their designees) may recommend distributions of \$250 or more to any IRS-recognized charity at any time. Advantages of such a fund include the ability to make tax-deductible donations of appreciated assets at any time, thus bypassing capital gains tax liability. The donor advises the Board on the amount and timing of subsequent gifts from the fund.

**Minimum Amount:** \$5,000.

**Management Fees:** There is no charge related to the monies that remain in the fund for at least six months. ICF, however, retains the earnings on the fund. Monies expended from a philanthropic gift fund in less than six months are charged 2%.

### Special Project Fund

The Foundation occasionally serves its statewide community by receiving and managing non-endowed funds to support a special project. Contributions, as well as the net income earned while the assets are held, may be expended in the near future to support the project.

**Minimum Amount:** No minimum.

**Management Fees:** The Foundation negotiates the fee with the organization based on the amount of administrative work required.

## OTHER GIVING OPTIONS

### Supporting Organization

Donors can use their gift to establish an excellent alternative to a private foundation with only a fraction of the administrative responsibilities. In certain supporting organization structures, the donors may select some of the board members, maintain personal involvement, and support the causes and they care about while enjoying the favorable tax treatment of a public charity. Investment management, startup costs, grant administration, and reporting can all be left to ICF.

**Minimum Amount:** Varies, depending on the type of fund the supporting organization chooses to establish in ICF.

**Management Fees:** Dependent on the type of fund established.

### Charitable Gift Annuity

Giving through a charitable gift annuity allows donors to arrange generous gifts to their community while providing themselves with a reliable income source for the rest of their lives.

Under this arrangement, donors transfer assets (cash or securities) to the Foundation in exchange for a commitment by the Foundation to pay them (and a second annuitant, if the donor so chooses) a fixed and guaranteed payment for the remainder of their lifetime(s). On the death of the annuitant(s), the remaining principal is retained by the Foundation to carry out the donor's charitable intentions.

A specific charity can also be named to benefit from the remainder interest. Once all of the annuity payments have been made, up to one half of the remainder can be paid to a charity as a direct contribution. The residual portion of the remainder interest may be placed in an ICF fund to benefit the named charity, providing this residual meets ICF's

minimum requirement to establish a fund. If that is not the case, the residual will be placed in ICF's Community Trust Fund to support greatest needs throughout Idaho.

**Minimum Amount:** \$10,000.

**Management Fees:** No fees are charged to administer an Idaho Community Foundation CGA. When the CGA matures, fees will be assessed to the ICF endowment fund created with the remainder interest according to established ICF policy for the type of fund established.

**Minimum Age:** While there is no minimum age to set up a CGA, an annuitant must be at least age 60 before payments start. If the annuity is for more than one annuitant, the younger of the two must be age 60 before any payments start.

**Annuity Rates:** The value of the contribution, the age(s) of the annuitant(s), and the annuity rates in effect at the time the annuity is established all contribute to determining the amount of the annuity payments an annuitant receives.

### The Legacy Society

Donors preferring to make a deferred gift may choose to name the Foundation as the beneficiary of a charitable trust, will, bequest, or other deferred giving instrument. Those willing to be recognized are named and thanked in the annual report as members of the Legacy Society. In many instances, the deferred gift donor receives benefits such as income or other use of property during his or her lifetime. Upon the donor's death, the remaining principal is transferred to the Foundation, and the assets become available for charitable use as specified by the donor. Funds created through deferred gifts offer permanent recognition for the donor's philanthropic service to the community.

*The Tooth Fairy A.K.A. Kathy Ellis, Idaho Coordinator, visits children.*

The Regence Caring Foundation provided free dental care to low-income and uninsured children as well as conducted education and prevention clinics throughout 2006, reaching over 3,800 Idaho kids.

"The Regence Caring Foundation's goal is to assist children with oral health care problems by providing access to dental care services," said Idaho Coordinator Kathy Ellis. "Research tells us that thousands of Idaho children are going without adequate dental care which could result in long-term affects on their overall health. The Foundation is committed to treating and educating children and parents early, so Idaho kids grow up strong, healthy members of our communities."

The Regence Caring Foundation works with over 100 dentists throughout the state who provide uninsured children with dental care for reduced fees. The Foundation works in partnership with area public schools, Head Start programs, YMCA organizations, and local health departments to help identify and enroll qualifying children for dental programs and services and to provide school-based preventive dental services such as fluoride applications and sealants, along with classroom-based oral health education.

"Thanks to our partnership with ICF, children throughout the state will grow up with healthy smiles."

## FEES AND CHARGES

There is no set-up fee to establish a fund in the Foundation, and a minimal amount of paperwork is required. The management fee varies with the type of fund established. See “Choices for Donors” on pages 3–5 for fees related to each type of fund.

## GRANTS AND DISTRIBUTIONS

ICF makes grants statewide to fund a broad range of activities, services, and projects of established 501(c) charitable organizations, governmental units, or their subsidiaries. The Foundation considers requests for grants from its greatest need and field-of-interest funds on a regional basis. Applications from the Northern Region are accepted November 1– January 15; from the Eastern Region February 1– April 1; and from the Southwestern Region May 1– July 1. Deadlines are subject to change. Please check ICF’s website at [www.idcomfdn.org](http://www.idcomfdn.org) for current information. Distributions from designated and agency funds are generally made in the spring of each year. Grants from donor-advised and scholarship funds may be made throughout the year.

# Advantages to Donors

## TAX BENEFITS

ICF qualifies as a public charity under federal regulations, so gifts during a donor’s lifetime or bequests to ICF are accorded the maximum tax advantages allowed by law. Major gifts to a community foundation such as ICF may qualify for special tax considerations and, in some cases, may be an attractive alternative to creating a private foundation. Potential donors should consult with a qualified estate planning professional about their specific circumstances.

## FLEXIBILITY

ICF works with donors and their advisors to create a fund with terms and conditions designed to meet the specific requirements of each individual situation.

## CONVENIENCE AND EFFICIENCY

Minimal paperwork is required to establish a fund in the Foundation, and ICF takes responsibility for all reports to the Internal Revenue Service and other governmental entities. Even a single contribution to the Foundation can address a wide range of needs or interests and can benefit a number of charitable organizations.

## EFFECTIVENESS

The Foundation ensures good use of donor gifts through the professional grant research of the staff, the prudent and informed judgment its volunteer Regional Advisory Panels that review and make recommendations on grant requests, and the oversight of the Board of Directors.

## GIVING OPTIONS

Almost any asset of value may be considered for a contribution. The Foundation can accept cash, securities, retirement assets, real estate, closely held stock, or other

personal property. Endowment funds may be established with pledges payable within five years. Contributions can be made during the donor’s lifetime and/or through deferred gifts and bequests.

## PERPETUITY

The agreement drawn to create an endowment fund in ICF ensures that the Foundation will honor the donor’s charitable intent in perpetuity.

## RECOGNITION

Each grant recipient is notified of the Fund name and donor unless the donor requests anonymity. ICF constantly strives to respect donor wishes.

## INVESTMENT EXPERTISE

Donors are assured of professional management of the Foundation’s assets by experienced investment professionals with oversight by the Investment Committee of ICF’s Board of Directors.

## ACCOUNTABILITY

For investment purposes, endowment funds are pooled which provides the opportunity to achieve better returns at lower costs. However, for accounting and reporting purposes, each fund is maintained as an individual, named entity with separate tracking of earnings, prorata fees, and grant disbursements. The Foundation’s financial records are subject to ongoing oversight by the Board of Directors and an annual independent audit.

## GRANTS OUTSIDE IDAHO

Each fund in ICF must be of substantial benefit to Idaho, but fund creators may structure their funds so that some of the distributions go to charitable projects outside Idaho.

# Founding Donors

The Idaho Community Foundation owes its existence to the foresight of individuals, corporations, foundations, and organizations that joined together to create and endow the Foundation. Our Founding Donor campaign concluded December 31, 1992, having raised a total of \$5 million. We are pleased to give continuous recognition to the vision and generosity of those who supported the Foundation in its first stages of growth. Many of these donors have made additional contributions to the Foundation in subsequent years.

Todd L. and Patricia G. Maddock Fund  
Fund creator: Todd Maddock, Lewiston  
Fund type: Designated Fund for the Lewiston City Library

*Todd Maddock in the Lewiston City Library.*

"I've been a long-time supporter of the Lewiston City Library, and my late wife was a wonderful advocate for the program, as well. Our community is desperate for a new library facility, and for a very long time I've had the desire to help. Fortunately, the new IRA law helped me make my dream a reality.

"I decided to create this fund with ICF because I've also had a long relationship with this foundation and watched it grow quite successfully. I wanted to help the library with a lasting and continual flow of revenue, and ICF offered me the best vehicle to create this perpetual contribution.

"The thought that my gift to the Lewiston Library will be viable long into the future and my great respect for the principles on which ICF is built definitely make me comfortable with giving in Idaho."

# Information for Professional Advisors

## THE CHALLENGE

Completing a charitable plan that meets the needs of each and every client can be time consuming. Your clients are counting on you for answers. By knowing more about the possibilities of charitable giving which can offer specific tax benefits, you can help them achieve their financial, personal and business goals. In fact, by assisting your clients with planned giving that truly integrates philanthropy with financial and estate planning, you can help your clients to achieve critical lifetime goals.

There are opportunities to assist your clients in maximizing the personal benefits of giving when they are making other major business, personal, and financial decisions in connection with the following: (1) estate planning; (2) writing or revising a will; (3) sale of a business or other major asset; (4) retirement planning; and (5) times of a financial windfall.

## TWO KEY QUESTIONS

One of the simplest and most important things you can do to help your clients enjoy the benefits of planned giving is to ask these two questions:

“How much money do you want your heirs to have?”

“Are there charitable or community needs you would like to consider?”

## HELPING YOUR CLIENTS

ICF values our working relationship with financial advisors. We can be a resource for you and a philanthropic partner for your clients. The Foundation enables individuals, families, companies, and charitable organizations to make gifts, current or deferred, to benefit the community.

ICF offers a variety of flexible giving options that can help your clients achieve maximum tax benefits. As a resource, we can help facilitate family conversations about philanthropy. We offer our expertise to help donors find groups doing work they care about, and we help donors who have already made their philanthropic

decisions structure gifts in a more strategic way. Many donors find starting a fund with ICF is a hassle-free and attractive alternative to establishing a private foundation.

## PLANNED GIVING DESIGN CENTER

In an effort to provide the tools you need to help your clients make informed decisions regarding their charitable giving, ICF serves as the statewide sponsor of the Planned Giving Design Center (PGDC), a comprehensive interactive internet-based resource which you can use to research, design, illustrate, and implement advanced charitable financial and estate planning strategies. Accessing this resource is fast, simple, and free. Simply click on the link provided at ICF's website [www.idcomfdn.org](http://www.idcomfdn.org) or go to [www.pgdc.com/icf](http://www.pgdc.com/icf). From there you can explore the site and register to receive all the PGDC benefits. This resource includes tax rulings, sample documents, current planned giving news, and a “Discussion Forum” where you can post questions and engage in conversations with other financial advisors.

## “TECHNIQUES”

The Techniques newsletter is an income, estate, and gift tax service for attorneys and other financial advisors. It is provided free of charge on a quarterly basis. It offers a new subject each quarter and a special section on “New Tax Developments” providing the practicing professional with valuable updates on news and events impacting tax laws and policies. To receive Techniques by mail, please contact ICF at [info@idcomfdn.org](mailto:info@idcomfdn.org).

## “TOOLS FOR GIVING”

Created internally in ICF, this comprehensive publication serves as a reference for legal or financial advisors and their clients. Available in hard copy or electronically at [www.idcomfdn.org](http://www.idcomfdn.org), this book walks planners and clients through a decision process that analyzes the different funds and different reasons to develop a connection with the Idaho Community Foundation.

## Ten reasons people choose to give through community foundations

### one

We are a local organization with deep roots in the community.

### two

Our professional program staff has broad expertise regarding community issues and needs.

### three

We provide highly personalized service tailored to each individual's charitable and financial interests.

### four

Our funds help people invest in the causes they care about most.

### five

We accept a wide variety of assets and can facilitate even the most complex forms of giving.

### six

We partner with professional advisors to create highly effective approaches to charitable giving.

### seven

We offer maximum tax advantage for most gifts under federal law.

### eight

We multiply the impact of gift dollars by pooling them with other gifts and grants.

### nine

We build endowment funds that benefit the community forever and help create personal legacies.

### ten

We are a community leader, convening agencies and coordinating resources to create positive change.

# Comparing ICF with a Private Foundation

	IDAHO COMMUNITY FOUNDATION	PRIVATE FOUNDATION
<b>Length of Time To Establish</b>	A fund is easy to establish and can be set up in as little as one day.	Can be time-consuming and expensive. Generally requires creation of articles of incorporation, bylaws, and filing with the state and IRS. Usually requires the review of an attorney. The process can take more than three months.
<b>Tax Benefits</b>	A donor realizes maximum tax benefits.	Gifts may not receive as favorable tax treatment.
<b>Excise Taxes</b>	The fund does not pay excise tax. Therefore, there is more money available for charity.	The private foundation pays excise tax on net investment income, including net capital gains.
<b>Tax Preparation</b>	No separate tax return to file for donors.	Must file annual federal tax return, disclosing investments, grants, trustee fees, salaries, and other expenses.
<b>Professional Oversight</b>	Every fund benefits from well-qualified, professional staff and responsible Board oversight and fiduciary responsibility. Each donor receives an annual financial report on the activity of the fund, noting distributions, income, and investment performance.	Many private foundations are too small to afford staff and liability insurance, or to benefit from reasonable investment fees.
<b>Professional Management</b>	Highly qualified, professional management for the long term.	Succession plans guaranteeing sound, effective management can be difficult to formulate and execute.
<b>Required Payout</b>	None. Distributions may vary from year to year in accordance with ICF's distribution policy.	Must distribute 5% of net asset value annually.
<b>Grant Requests</b>	Experienced staff available to help evaluate potential grantees.	Must establish a process to evaluate and respond to grant requests.
<b>Disclosure</b>	While tax returns of ICF are public, the records of individual funds are not, affording greater privacy in the operation of a fund.	Tax returns are public information and are entered into directories for grant-seekers.
<b>Administrative Costs</b>	All of ICF's services are provided at a very low cost (1% of the average fund balance for endowment funds, with scholarship funds subject to a \$250 minimum annual fee ). Costs are lower because every fund shares in defraying total costs.	Must bear all administrative costs, including staff salaries, benefits, insurance, office space, equipment, legal and accounting expenses, etc. Most experts agree that it takes a substantial asset base to justify the costs of creating and maintaining a private foundation.
<b>The Bottom Line</b>	The donor who creates a fund in the Idaho Community Foundation can attain his or her philanthropic objectives and gain favorable tax advantages while avoiding administrative costs and headaches.

**Alice and John Roper Fund—1992**

This fund continues the tradition of support for Idaho established by this Twin Falls couple.

**Hollis Selders Memorial Fund—2003**

Created by family and friends in memory of this Caldwell resident, grants will support a wide variety of charitable needs throughout Idaho.

**Robert and Lucille Smylie Fund—1999**  
Established by Idaho's 23rd governor and his wife Lucille, the fund provides support in the area of greatest need. Governor Smylie shared in ICF's success by participating in the very first meeting that eventually resulted in the formation of the Foundation in 1988.

**Ray and Linda Stark Fund—1997**  
Created by this Boise couple, this fund insures flexibility in meeting immediate and long-term needs throughout Idaho.

**Troxell Greatest Need Fund—2003**  
Grants enable the Foundation to respond to the most pressing needs throughout Idaho.

**Whittenberger Foundation Fund—1988**  
This fund was established through a challenge grant when the Foundation was created. The fund was designed to enhance unrestricted charitable giving.

## ADVISED FUNDS

Donors can have ongoing involvement in the use of their gift by retaining the privilege of participating in the selection of beneficiaries of their fund, thereby addressing the issues and needs they care about most.

**Harry Bettis Fund—1991**  
This fund supports charitable activities throughout Idaho that meet current and emerging needs. Upon the death of the advisors, this fund will be placed in the unrestricted endowment of the Foundation.

*Sharon and Nick Purdy.*

Fund creator: Nick Purdy, Picabo

Fund type: Special Project

When asked what makes Silver Creek Restoration Special Project Fund creator Nick Purdy comfortable with his partnership with ICF, he said, "The Silver Creek Restoration Project requires the generosity of people interested in protecting the environment and in creating habitat for wildlife. People are very interested in helping financially with this work but they want to have confidence that their money will be administered wisely. The ICF gives our world-wide donors that confidence and comfort.

"Silver Creek," according to Purdy, "is one of the wonders of the world when it comes to fishing. Also of great importance is the diversity of insects, birds, water fowl, and mammals it supports, and of course, its natural beauty. It also contributes water for raising abundant crops for the valley. In the last three years the stakeholders that use the creek for recreation have dedicated nearly a quarter of a million dollars in cash and pledges to improve and restore Silver Creek. It simply wouldn't be possible without an organization like ICF to collect and administer the funds and make everyone feel comfortable about the process." Neighboring landowners like Nick and Sharon Purdy, are working along side the Nature Conservancy to protect almost 10,000 acres of the Silver Creek Valley through conservation easements, making Silver Creek one of the country's most successful examples of community-based conservation.

*"There are no more important decisions I make as a judge than those in child protection cases. I need help in making these important decisions. The CASA can share with me what is best for the child, from the child's point of view. If the decision is made to remove a child from his/her parents or leave him/her there, it is being made with the best possible information."*

Bryan K. Murray, Juvenile Judge, Pocatello, Idaho

In 2006, the state CASA Program trained 137 CASA/GALs. Each is actively taking cases joining the ranks of the other approximately 453 volunteers throughout the state. These volunteer guardians serviced 3,017 children in protection cases last year. Guardians are also servicing many carry-over cases from past years. Costs are approximately \$1,800 for initial and on-going training of Guardians. "It is an expensive, but necessary expense, said Vicky Hadley, executive director of the 6th Judicial District CASA program. "We have children who had been diagnosed socially and academically unredeemable who have excelled in both areas with the encouragement and help of strong volunteers.

"We have a teenager who was on the road to failure who is now an honor student and participating in a Jr. Miss America pageant in another state. One teenage girl told the judge that when she grew up she wanted to be just like her CASA Guardian. Are we comfortable with our relationship with the Idaho Community Foundation? The money we receive from the Idaho Community Foundation has helped make these good works possible. We are very comfortable and deeply appreciative of the hope provided by ICF grants throughout the state."

## Basque Museum and Cultural Center

### Endowment Fund

*Dancing in the Anduiza Fronton on a field trip to the Basque Museum*

Fund creator: Basque Museum and Cultural Center, Boise  
Fund type: Agency Endowment

The Basque Museum & Cultural Center's Endowment Fund was established at the Idaho Community Foundation in June, 2006 with funds directed to the Museum from a very generous donor. Merrienne Cook Hunter, a long-time Boisean, recognized the Basque Museum & Cultural Center's role of cultural diversity and education in the community and wanted to be able to support this work through her substantial contribution. After much research and communication with the staff at ICF, the Board felt assured that the investment of funds in the Foundation would be safe, and that there has been a proven record of success in the development of funds through their years of experience. The statewide exposure the ICF brings to smaller organizations is very valuable as is the expert management of the invested funds. Our organization recently received its first financial report regarding the ICF funds and was pleased to see a substantial return for the investment. The Basque Museum & Cultural Center's goal is to increase the endowed funds through promotion of the fund established at ICF which will, in turn, allow for permanent growth and perpetuation of the Museum's goal to preserve and perpetuate Basque history and culture. It's definitely a win-win situation for the Basque Museum & Cultural Center and for the citizens of the State of Idaho. This organization feels very comfortable with the guidance, leadership, and expertise the Idaho Community Foundation staff and board offers to non-profit organizations in the State.

# Grants & Distributions

## ■ LIFE IN IDAHO

ICF's grant making brings together all of Idaho. Thanks to the generosity of our donors, the dedicated work of the Regional Advisory Panels, and the commitment of Idahoans who submit grant applications, the Foundation continues to help enrich life's quality in our state. Since ICF grant making began in 1991, the Foundation has distributed more than \$31 million for worthwhile philanthropic projects.

## ■ RESPONDING TO YOUR NEEDS

ICF's mission is to *enrich the quality of life throughout Idaho*. Responding to the needs of applicants and the wishes of donors helps us keep this mission alive in all that the Foundation undertakes. Distributions of competitive grants are as local in nature as possible responding to community or regional issues as presented via online applications. Non-competitive distributions from advised, donor designated, and agency funds also reflect the needs of Idaho as perceived and defined by the people that established and advise the funds.

## ■ REGIONAL GRANT CYCLES

While the Foundation distributes grants in many ways, the most visible is the competitive grants program which includes three regional grant cycles.

The **Northern Region** consists of Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lewis, Nez Perce, and Shoshone counties.

The **Eastern Region** consists of Bannock, Bear Lake, Bingham, Bonneville, Butte, Caribou, Clark, Custer, Franklin, Fremont, Jefferson, Lemhi, Madison, Oneida, Power, and Teton counties.

The **Southwestern Region** consists of Ada, Adams, Blaine, Boise, Camas, Canyon, Cassia, Elmore, Gem, Gooding, Jerome, Lincoln, Minidoka, Owyhee, Payette, Twin Falls, Valley, and Washington counties.

More details on grant cycle deadlines and criteria are available on page 37 and at [www.idcomfdn.org](http://www.idcomfdn.org).

## ■ REGIONAL ADVISORY PANELS

In order to receive grass roots input on the competitive grant applications, ICF depends on the recommendations made by an advisory panel in each of its three regions. The community leaders who serve as volunteers on the Panels have the demanding task of carefully analyzing the applications from their respective regions. In making funding decisions, ICF's Board of Directors relies heavily on the local knowledge that Panel members bring to the review process. Membership on the Regional Advisory Panels is shown on page 47.

## ■ GIVING WHERE THE DOLLARS MAKE A DIFFERENCE

Most of ICF's competitive grants are less than \$5,000 which means we help many people in many ways. Our philosophy with the competitive grant distribution is to reach across every county of the state and touch a variety of nonprofits in different arenas of need. ICF provides philanthropic capital in cities as well as small towns where charitable dollars are often very hard to find. We like the idea of making grants that can be leveraged to produce an improved result for the community.

## ■ DONOR ADVISED GRANTS

The grant making process of the Idaho Community Foundation gives ongoing consideration to the desires of donors who have established funds in the Foundation. Many advisors review the competitive grant applications ICF receives before making their recommendations for distributions each year. The grants made upon the recommendation of donor advisors and other non-competitive distributions represent more than half of the Foundation's total distributions each year. Turn to the Funds section beginning on page 17 to learn more about distributions from the Foundation's funds.

## ■ PARTNERSHIPS

The Idaho Community Foundation has well-established relationships with a number of funding partners. Foundations such as the J.A. and Kathryn Albertson Foundation and the Steele-Reese Foundation take advantage of ICF's application process and the local knowledge of our Regional Advisory Panel members to make grants through the Idaho Community Foundation. ICF is always exploring ways to work with other partners to deepen the pool of philanthropic money available to support Idaho projects.

## ■ GEOGRAPHIC GIVING

We are often asked why some geographic areas seem to fare better than others in terms of the grants they receive. The answer: some areas benefit directly from endowment funds established by donors with the distributions directed in perpetuity to those specific geographic areas. Blaine, Gem, and Kootenai counties are good examples of this generosity. If you would like to see more grants made in your area, please contact the Foundation to discuss the opportunity of creating an ICF fund to benefit your city, county, or region.

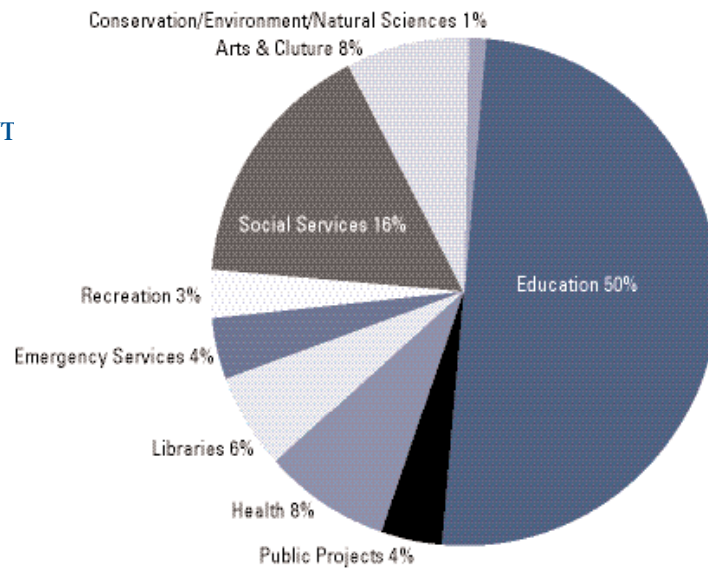

## ■ GRANTS OUTSIDE IDAHO

Each fund established in the Idaho Community Foundation must be of substantial benefit to Idaho. Within this guideline, ICF believes it is appropriate to consider the advice of donor advisors who, while recommending distributions to Idaho charities, also may recommend distributions in other states where they have roots and connections. Examples of this can be found with our scholarship awards as youth from Idaho high schools often choose to pursue education out-of-state.

# ICF Grant Guidelines

The Idaho Community Foundation makes grants to fund activities, services, and projects of established 501(c) charitable organizations or governmental units or their subsidiaries, consistent with ICF's mission *to enrich the quality of life throughout Idaho*. The Foundation is especially interested in providing assistance to organizations seeking to meet emerging community needs.

## Competitive Grant Cycles

- The **Northern Region Call for Proposals** begins on November 1 and closes on January 15 with final approval by the Board of Directors scheduled for the May meeting.
- The **Eastern Region Call for Proposals** begins on February 1 and closes on April 1 with final approval by the Board of Directors scheduled for the August meeting.
- The **Southwestern Region Call for Proposals** begins on May 1 and closes on July 1 with final approval by the Board of Directors scheduled for the November meeting.

- Grant applications are typically separated into the following categories: Arts and Culture; Education; Emergency Services; Libraries; Natural Sciences; Health; Recreation; Social Services, and Public Projects.

ICF accepts grant applications only during the cycle specified for the region in which the proposed grant making activity happens. Additional details on the Regional Grant Cycles, along with current applications, samples and criteria, are available on the Foundation's website at [www.idcomfdn.org](http://www.idcomfdn.org)

- Attendance at conferences, seminars or other projects
- Endowments
- Programs that fall more appropriately under government funding, such as operating expenses for public schools and police and fire protection
- Capital projects for which the Foundation's ability to contribute will be only a very small portion of the total budget and, therefore, will have little impact on the success of the project

## Favored Activities

In general, the Idaho Community Foundation favors activities that:

- Reach a broad segment of the community especially those citizens whose needs are not being met by existing services that are normally expected to be provided by private rather than government sources
- Request seed money to realize unusual opportunities to meet urgent needs in the community
- Stimulate and encourage additional funding
- Promote cooperation and avoid duplication of effort
- Help make a charitable organization more effective and efficient and better able to sustain itself over the long term

*The Foundation will not consider grants for:*

- Religious organizations for the sole purpose of furthering that religion. (This prohibition does not apply to funds created by donors who have specifically designated religious organizations as beneficiaries of the funds.)
- Political activities or those designed to influence legislation
- National organizations (unless the monies are to be used to benefit citizens of Idaho or the organizations are specifically designated by the donor as beneficiaries of the fund)
- Grants that directly benefit the donor or the donor's family

*Amount:*

- For 2007, the Foundation will consider competitive grants in the range of \$500 to \$5,000. Grants of lesser or greater amounts may be considered under special circumstances. Multi-year grants will not be considered.
- Additionally, the J. A. and Kathryn Albertson Foundation has a special project fund in ICF. Grants of up to \$5,000 will be made from this fund to benefit pre-K through 12 education in the State of Idaho. The online application process is incorporated into ICF's regional cycles.

## Low Priority Areas

The following areas are of low priority to ICF and usually will not receive funding:

- Reduction of debt
- Grants to individuals (except scholarships)
- Fund raising projects
- Travel for individuals or teams

# 2006 Grants & Distributions

Following is a list of grants and distributions awarded by ICF in 2006. Grants from unrestricted, advised, field-of-interest, geographic, and designated funds are listed by county. These are followed by grants given outside Idaho. Grants benefiting multiple counties are shown under the primary county served or the county in which the recipient organization is based. Distributions from agency, scholarship, and special project funds are shown on pages 35–36. Any grant description listed with an (A) received some funding from the J.A. and Kathryn Albertson Education Foundation Fund in the Idaho Community Foundation.

*Hazel Rose at home in Idaho Falls.*

"Kenlon Johnson was on the ICF Board and he invited us to the luncheon. We were impressed with what we heard at that event. We were comfortable with the vision of the Foundation, and we were looking for a way to publicly support PBS.

"We started with our first fund in 1995 and eventually created the other two. I was enchanted with the young women from Eastern Idaho Technical College and wanted to find a way to help future students with their education.

"My late husband and I always felt it was the right thing—a good thing, to go with ICF for these distributions. I am absolutely comfortable with the long term support we've created for these programs through our relationship with the Idaho Community Foundation."

# Membership

The Idaho Community Foundation reaches far and wide, not only with its grant making, but with its membership. Hundreds of people all over the state believe in ICF and support its mission of *enriching the quality of life throughout Idaho.*

## RESPONSIBILITIES

Members are charged with the responsibility of annually electing the Foundation's Board and providing general advice and assistance. It is this statewide network that allows the good news of ICF to reach even the smallest Idaho towns. Members share the vision, encourage nonprofits to apply for grants, and help create more funds so more distributions can be made. Our goal is to have members in every Idaho county and community.

## MEMBERSHIP FEES

ICF offers a graduated membership fee structure to accommodate those members who wish to support Foundation operating expenses. The minimum donation for an annual individual membership is \$25. Corporate and nonprofit memberships are also available. Membership contributions are 100% tax-deductible and are deposited directly into the ICF General Operating Endowment to help maintain the Foundation. For information about becoming a member, please refer to the enclosed envelope, visit our website at [www.idcomfdn.org](http://www.idcomfdn.org) or contact the ICF office.

Fund type: Advised

Marilyn and Tom Kalange, Boise

"We created our funds to be able to give back to the communities where we've lived and raised our family. Through hard work and good fortune we've been blessed in our lives so we've chosen to partner with the Idaho Community Foundation to help others.

"As the son of a Greek immigrant, I feel fortunate to have been raised in Boise and to have attended St. Joseph's School along with my three brothers. My wife, Marilyn, and I met in high school while we were both attending St. Theresa's Academy. Recently, we celebrated our 50th wedding anniversary along with our entire family, including our four children, their spouses, and our twelve grandchildren. The family is looking forward to giving back to our Church, the school system, and other worthy charities, which were instrumental in our family's origin, education, and success.

"Our comfort level with the Foundation was reached with ease after our first few interactions with the staff. They continue to answer our questions, take care of our needs, and will allow us to help our favorite charities in this community for a very long time."

## Investments

### POLICY

The Idaho Community Foundation invests for the long term in accord with a written policy on investments and distributions. The Foundation currently targets an asset allocation of 70% domestic equities, 10% international equities, and 20% domestic fixed income. Funds in the Foundation which are not endowed and are fully expendable are invested in liquid, money market instruments. Such funds include donor-advised philanthropic gift funds and special project funds.

### INVESTMENT COMMITTEE

The Investment Committee of the Board of Directors provides oversight for the investment process. The Investment Committee makes recommendations to the Board on asset allocation and the selection of investment managers to provide the Foundation with good long-term investment performance with a prudent degree of diversification and management style differentiation.

### INVESTMENT MANAGERS

ICF currently retains the following managers for the equity portion of its portfolio: Dimensional Fund Advisors, Wells Capital Management, and the Vanguard Group. The Foundation's fixed income manager is State Street Global Advisors. Strategic Investment Solutions provides performance measurement services as well as investment advisory consultation. The Investment Committee meets at least annually with individual managers to discuss past performance and plans for the coming year.

### INVESTMENT PERFORMANCE

Like most long term investors, ICF believes in accepting the risks inherent in investing in equities in order to benefit from the long term rewards which usually result from such an investment strategy.

The Foundation's annual rate of returns investment performance for the periods ending 12/31/06 was:

1 year	14.3%
3 years	10.6%
5 years	8.5%

### INVESTMENT MANAGEMENT FEES

The overall investment management fee rate of the endowment fund was approximately .28% at year end 2006.

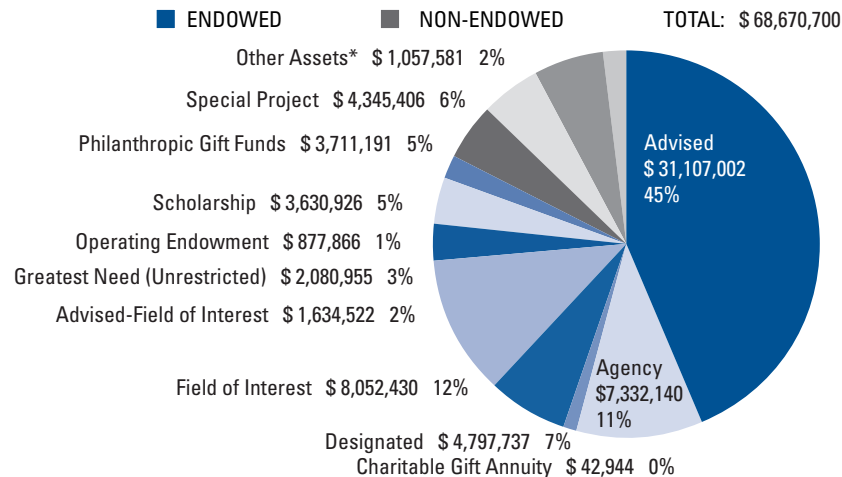

## Distributions

### TOTAL RETURN CONCEPT

The Foundation applies the Total Return Concept in determining the funds available for distribution from a given fund. In accord with this concept, the Foundation Board establishes a funding level each year which bases distributions on the average market value of an individual fund for the prior two to thirteen quarters, depending upon when the fund was established. This spending level is based on long term performance trends, and not on results for any one year, thus avoiding severe fluctuations in dollars available for distribution.

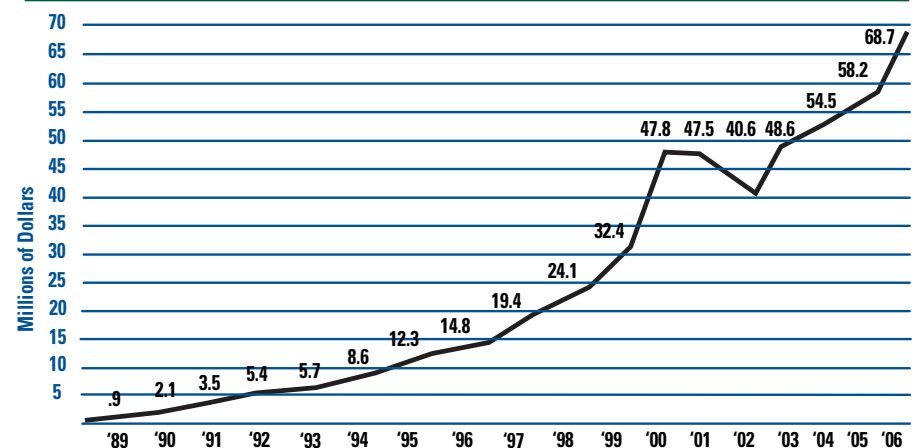

Historically, the funding level has been 5% of the fund's average market value. The objective of the Total Return Concept is to allow the Foundation to be responsive to current needs while maintaining the purchasing power and grant making capacity of its endowment over the long term.

### 2006 ASSETS OF THE FOUNDATION BY TYPE OF FUND

\*Includes value of ICF house, property, and equipment.

(1) Land for resale include three non-cash contributions of property donated to the Foundation. These pieces of property will be sold and the proceeds will enable the donors to fulfill their charitable interests.

(2) During 2000 the Foundation adopted Statement of Financial Accounting Standards No. 136, which specifically requires that if a not-for-profit organization establishes a fund at a community foundation with its own funds and specifies itself as the beneficiary of that fund, the community foundation must account for the transfer of such assets as a liability. The Foundation refers to such funds as agency endowments. For financial reporting purposes, distributions from agency endowments in the amounts of \$147,063 in 2005 and \$167,151 in 2006 are not included in the reported Grants and Distributions of the Foundation.

(3) Represents outstanding pledges.

(4) Includes investment management fees of \$54,764 in 2005 and \$75,564 in 2006.
